Mr B Rule BA(Hons) MA Ed, NPQH

Re Payment for Practical Work in Design Technology – KS3

Your son/daughter is studying Design Technology in lessons. During this period they will be completing a range of practical projects using a variety of materials. We encourage pupils to have a pride in their work and to take it home to share their success with family members.

We should like, therefore, to ask for your support by contributing £16.00 towards the cost of the materials for years 7 and 8. This will allow the college to continue to use the most appropriate materials in project work and give your son/daughter the opportunity to participate in exciting and relevant technology courses.

The items that we account for in lessons include the following:

- Packing for their tea and biscuits project (and the biscuits)
- Timber for the ambience candle holder
- Electronic components for the multicultural project
- Fabric for the charity mascot and snack bag project
- Papers and board for the interactive learning project
- Pewter and timber for the charmed project
- Timber for the automata
- Paper and board for the golf course project
- Fabric for the reflective armband

The cost of the wallet is built into the contribution payment.

Please pay via the iPayimpact. Please ensure payment is made by **20th December 2026.**

If you have any concerns regarding this, please do not hesitate to contact your child's class teacher or myself through the college reception.

Thank you for your continued co-operation.

Yours sincerely

Miss Hussey

Curriculum Leader of Design Technology
Course Leader Food Preparation and Nutrition KS4
